

Health Form

Minnesota Semester Participants

The purpose of this form is to help GO Minnesota staff assist you in preparing for your time in Minnesota. Please answer all questions openly and honestly. While it can be difficult to share health information, timely disclosure allows GO Minnesota staff to support your overseas experience effectively.

Mild physical or psychological disorders can become serious under the stresses of life while studying abroad. It is important that the program be made aware of any medical or emotional problems, past or current, which might affect you in an international study context.

The information provided will remain confidential and will be shared with program staff, faculty, or appropriate professionals only if pertinent to your own well-being in a housing placement or academic setting. GO Minnesota staff will do their best to assist you, but may not be able to accommodate all individual needs or circumstances.

This information does not affect your admission into the program.

I certify that all responses made on this Health Information form are true and accurate, and I will notify the international office staff hereafter of any relevant changes in my/my child's health that occur prior to the start of the program. I understand that the international program staff will do its best to accommodate my/my child's needs, though not all accommodations are possible. I understand that it is my/my child's responsibility to plan for my medical needs overseas in consultation with a doctor in my home country. I also understand that I cannot expect accommodations for those situations that I have not disclosed and that any false or inaccurate information may affect my/my child's program participation.
